

PROSPECTS GOOD FOR A SETTLEMENT

Convention Called to Meet at Scranton Thursday of This Week.

LEADERS STEP ASIDE

Diggers Themselves Will Now Have a Chance To Settle the Strike.

MAY GO TO WORK ON MONDAY

Hazleton, Pa., Oct. 8.—President Mitchell today issued a call for a delegates convention of miners to be held in Scranton, Friday, Oct. 13. It is believed that inasmuch as the call has been issued that the offer of ten per cent. has been unanimously made by the railroads and independent operators and it is generally expected that work will be resumed in all the mines on Monday next.

Means a Settlement. Events indicate that the miners will accept the offer of a ten per cent. increase which has been made by nearly every operator in the anthracite region, and the workmen will bring an easy resumption of the operations.

In pursuance of his announcement yesterday that a call for a convention at which the miners might decide for themselves what course to pursue would be issued today, President Mitchell today held a conference with other leaders of the United Mine Workers of America at which the matter was discussed.

Will Be Left to Miners. The convention will be held at Scranton unless something unforeseen should arise between now and the time of issuing the call. The district presidents made full reports as to the condition in the respective districts, and the matter of representation was discussed.

President Mitchell after the conference said he would have something to say in regard to the convention. He said that not one official of the United Mine Workers will take a hand in any action the convention might take, as the men must settle themselves everything that comes before them.

Sheriff Harvey of Luzerne county had a conference with President Mitchell yesterday and neither will say what took place, it is believed the sheriff sought to have the marching of miners in this district stopped and declared he would have to use force if the strikers persisted in their course. A car load of deputies is in readiness to move in case of a call, but there seems little likelihood that there will be any more marching.

SAYS HE CAN PROVE HIS INNOCENCE

The Third Man in the Alleged Life Insurance Swindles at Chicago Is Under Arrest.

Chicago, Oct. 8.—The third man wanted in connection with the alleged swindling of insurance companies and against all of whom insinuations of murder were made, F. W. Brown, assistant manager of the Mooley & Boland detective agency, was arrested this morning. Brown laughs at the charge and says he can prove his innocence from indisputable evidence. Dr. Unger, Frank J. Smiley and Brown were arraigned this morning and held under \$15,000 bonds. Unger "sweated." He refused to say anything further than that he was sorry that he had become mixed up in the affair.

FIGHT AGAINST CHILD LABOR

National Tobacco Workers Union of America Will Begin Battle.

St. Louis, Mo., Oct. 8.—The National Tobacco Workers' Union of America, with division headquarters in St. Louis and the two cigarmakers' unions here have decided to take up the fight against child labor. Its plan of action will be to take away the tobacco union label from all factories which give employment to anyone under 16 years of age. Notifications will be sent out to the tobacco factories all over the country, giving them until May 1 next to recognize the order. It is estimated that between 4,000 and 7,000 more men would find work in Missouri cigar factories were not children employed in various capacities.

FILIPINO REBELS ACTIVE

Concentrating in Northern Luzon Under Leadership of Aglipay.

Manila, Oct. 8.—Four troops of cavalry and two companies of infantry have recently re-enforced General Young in northern Luzon, where the insurgents are concentrating in the mountains of North and South Ilocos

PROVINCES, UNDER THE LEADERSHIP OF AGLIPAY, THE EXCOMMUNICATED PRIEST AND RENEGADE.

General Tino and General Villanueva, who have been quiet for some time, are now showing signs of becoming active, as the end of the rainy season approaches. Of late there has been considerable scouting and skirmishing in the provinces of Abra and North Ilocos, though without decisive results. It is obvious, however, that the maneuvers of the Filipinos are more skillful than formerly and that the field tactics of the Americans are being followed by them.

CYCLONE DEAD LIST GROWS.

Eight More Victims of Storm Near Biwabik, Minn., Reported. Biwabik, Minn., Oct. 8.—The cyclone which swept over this district Saturday passed through a Finlander settlement on Pike River, two miles north, killing an entire family of six—husband, wife and four children. Their names have not been reported. The body of Marowitz, the man missed yesterday after the cyclone passed this town, was found a quarter of a mile away from his house on the rocks in a mutilated condition. William Hilmstrom whose skull was fractured, another cyclone victim, died last night at the hospital.

HANNA WILL MAKE A STUMPING TOUR

TRIP THROUGH NORTHWEST TO DELIVER SPEECHES.

Four States Will Be in His Route—Party Leaders Persuade the Senator He Can Do the Most Good on the Platform—He Is To Be Gone One Week.

Chicago, Oct. 8.—Chairman Hanna of the Republican National committee has consented to go on a speechmaking tour of the Northwest. His itinerary will take him into Wisconsin, Minnesota, South Dakota and Nebraska.

Under such influence as could be brought to bear by Senator John C. Spooner, Edward Rosewater of Omaha and others, he agreed yesterday to spend all of next week on the stump in these four states.

He was told that the people throughout the section not only wanted to see and hear him but that he could do the party more good by taking the stump than by remaining at headquarters.

First Stop at Waukesha. It is understood that his first stop will be at Waukesha, Wis., in the afternoon of Monday, Oct. 15, and from there he will go to Madison, the capital of Wisconsin, for an evening meeting. The entire program has not yet been made up. It is proposed, however, to leave Chicago at noon next Monday and return on the following Sunday.

Sensor Hanna has several pressing invitations from republicans of Kansas to visit that state. But he will not go.

"One week," he said, "is all the time I can give. One week you see does not give enough time to take in Kansas."

The Senator, when discussing his coming out as a campaign orator, said: "I see the newspapers are saying that if the republicans want to win this election the committee should keep me off the stump."

Asked what papers he had reference to his reply was: "Well, I don't know, but Pettigrew, I think, is the owner of the one that printed the warning. Somebody clipped the item and sent it to me in a letter."

Observations are made to the effect that while Hanna is in South Dakota he can give Senator Pettigrew a chance to pass judgment on his powers as a political spellbinder.

MOST GOOD IN DOUBTFUL STATES.

The greatest benefits to be derived from the trip are expected to come from South Dakota and Nebraska, which belong to the doubtful list. Sioux Falls, Yankton and one or two other principal towns will be visited. With reference to Nebraska Mr. Rosewater thought that the State committee would arrange to have Mr. Hanna speak at Omaha, Lincoln, Beatrice and Nebraska City.

Whether Chairman Hanna will go alone or take a party with him is unsettled. He has consented to deliver three speeches in Chicago this week. He will speak at Pullman this evening and at the Belmont avenue mass-meeting on Wednesday evening. Congressman Lorimer expects Mr. Hanna to speak for him on Saturday night in the Stock Yards district.

PUSHED FROM A FLYING TRAIN.

William Burke and an Unknown Man Fight to Death.

St. Louis, Mo., Oct. 8.—On the top of a Chicago & Alton passenger train moving at the rate of forty miles an hour William Burke of this city and an unknown man fought to the death. The two men were beating their way to Chicago. After the train left East St. Louis the stranger drew a revolver and demanded Burke's money. Burke refused to comply with the request and grappled with his antagonist. During the desperate struggle which followed the unknown man shot Burke in the side, but the latter finally managed to push him from the top of the coach. He was picked up with his skull crushed in and otherwise horribly injured and barely alive. Burke will recover.

CAMPAIGN GETTING STILL MORE ACTIVE

POLITICAL SPEAKERS SWARMING OVER BADGER STATE.

La Follette Resumes His Stumping Tour at Beaver Dam Tonight—Quarles at Hudson—Littlefield at Madison—Bragg at Milwaukee—Spooner to Make Trip Through Ohio

Milwaukee, Oct. 8.—As the campaign advances, political speakers stumping the state under the State Central committee auspices are becoming more active, and every section of Wisconsin is being visited by one campaigner or another. The committee has a good list of speakers scheduled for the coming week.

Robert La Follette will resume his stumping tour of the state today, speaking this evening at Beaver Dam, tomorrow at Necedah, Wednesday at Medford, Thursday at Phillips, Friday at Neillsville, and Saturday at La Crosse.

Senator Joseph V. Quarles also starts on a week's trip, his itinerary, including Hudson Tuesday, Augusta Wednesday, Baraboo Thursday and Portage Friday.

DATES OF VARIOUS SPEAKERS.

Tatien Evans of New York is to speak at Cambria today, while Congressman Littlefield of Maine will make an address at Madison. Congressman J. J. Esch of La Crosse is scheduled to speak tomorrow at Whitehall, Wednesday at Arcadia, and Friday at Alma; while Senator J. J. McGilvray of Black River Falls is to stump the Seventh district. Frank Heiden will go to Kewaunee tomorrow, to South Germantown Wednesday and Mayfield Thursday.

Dr. Robert Nourse of Washington is to spend the week in Grant county; while Congressman Cooper's dates are: Oct. 8, Brillion; Oct. 9, Sheboygan Falls; Oct. 10, Kilmoryn; Oct. 11, Viroqua; Oct. 12, Tomah; Oct. 13, Black River Falls.

Col. F. C. Parsons of Lake Mills

will spend the week in Clark county, and W. S. Kies of Madison and L. E. Gettle of Edgerton will travel together through Vernon county.

Bragg's Speech Thursday Night.

Preparations are being made for the meeting of gold democrats and others who are the advocates of a sound currency, to be addressed by Gen. Edward S. Bragg in this city next Thursday evening. The following well-known democrats of the old school have been appointed to select a chairman to preside at the meeting: A. L. Cary, C. F. Hunter, Alfred James, A. K. Hamilton and Frank M. Hoyt. The committee will meet today for the purpose of making their selection and making other plans for the meeting.

Spooner Tour of Ohio.

Senator John C. Spooner left this morning for Ohio, where he is to deliver a series of speeches in support of the republican national ticket. Tonight he will address a rally at Canton and tomorrow evening he is to speak at Akron, after which he will tour the state and break into West Virginia. Oct. 25 Senator Spooner is booked to return to Chicago, where he is to address a meeting of German-Americans. In speaking of the situation in Wisconsin Senator Spooner expressed his confidence that the state would go for McKinley.

EIGHT NEW MEMBERS ADDED.

Successful Meeting of the Francis Murphy League Yesterday.

The meeting of the Francis Murphy League, held yesterday in the Y. M. C. A. auditorium, was one of the most successful that has been held this season. About one hundred and fifty men were present and listened to interesting talks on temperance by Capt. Edward Ruger, Dr. J. B. Whiting, N. Dearborn, W. J. Byrne and others. The speakers were all thoroughly in earnest about the good work that was being done by members of the League and spurred them on to renewed efforts for the good of the cause.

The music for the occasion was furnished by a quartette consisting of Messrs. Foley, Crawford, Van Pool and Cary. They rendered several pieces in a pleasing manner. A great deal of praise is due this quartette for their kindness in furnishing the music for the meetings. It adds materially to the pleasure of the session to have some good music in connection with the speaking.

Eight new members were added to the membership roll, which is increasing rapidly. The league is doing unlimited good in its chosen field and should be given every encouragement possible.

GOOD TEMPLARS' GRAND LODGE.

State Meeting of the Order at Y. M. C. A. Hall, Milwaukee.

Milwaukee, Oct. 8.—The Grand Lodge of Wisconsin Good Templars will open an annual session at the Fourth street Y. M. C. A. tomorrow. Col. B. P. Parker of this city, grand secretary of the order, says the Good Templars are not taking any part in politics.

In the business of public interest to be transacted will be the election of officers. W. H. Clarke of Ripon is at the head of the order in this state, and the other officers are: Grand councillor, George I. Stratton of Janesville; grand vice templar, Miss J. Lindley; La Crosse; grand superintendent of juvenile templars, H. A. Larson, Green Bay; grand electoral superintendent, E. W. Chaffin, Waukegan; past grand chief templar, W. S. Frazier, Milwaukee; grand secretary, B. F. Parker, Milwaukee; grand treasurer, Mrs. L. W. Parker, Milwaukee.

WEALTH IS ONLY A SACRED TRUST

ANDREW CARNEGIE EXPRESSES SOME RADICAL IDEAS.

Should Not Enrich Children—Charity to Only the Worthy—The Man Who Dies Rich Dies Disgraced—Riches Should Secure Great Benefit to All of Mankind.

New York, Oct. 8.—"The day is not far distant when the man who dies leaving behind him millions of available wealth will pass away 'unwept, unhonored and unsung.'"

So concludes Andrew Carnegie, said to be worth \$120,000,000. He says this and several other startling things—coming from a rich man—in his book, "The Gospel of Wealth," published by the Century Company of this city. Here are some of the ideas and epigrams expressed by Mr. Carnegie in his remarkable book:

"The problem of our age is the proper administration of wealth, that the ties of brotherhood may still bind together the rich and the poor in harmonious relationship."

Not Enrich Children.

"Why should men leave great fortunes to children? If this is done from affection, is it not misguided affection? Observation teaches that generally speaking it is not well for the children that they should be so burdened. Neither is it well for the state. Beyond providing for the wife and daughters moderate sources of income, and very moderate allowances indeed, if any, for the sons, men may well hesitate, for it is no longer questionable that great sums bequeathed often work more for the injury than for the good of the recipients."

Charity to Only the Worthy.

"It were better for mankind that the millions of the rich were thrown into the sea than so spent as to encourage the slothful, the drunken, the unworthy. Of every \$1,000 spent in so-called charity today it is probable that \$950 is unwisely spent—so spent, indeed, as to produce the very evils which it hopes to mitigate or cure."

In bestowing charity the main consideration should be to help those who will help themselves.

To provide part of the means by which those who desire to improve may do so; to give those who desire to rise the aid by which they may rise; to assist, but rarely or never to do all."

Die Rich, Die Disgraced.

"The day is not far distant when the man who dies leaving behind him millions of available wealth, which was free for him to administer during life, will pass away 'unwept, unhonored and unsung,' no matter to what use he leaves the dross which he cannot take with him. Of such as these the public verdict will then be: 'The man who dies thus rich dies disgraced.'"

BRITISH COUNT LOSSES IN AFRICA

Proportion of Wounded Returned to Duty Is Great—Many Dead From Other Causes.

London, Oct. 7.—With the Chinese muddle showing signs of clearing up there is some opportunity of paying attention to the quiet ending of war in south Africa. Out of 30,000 wounded 29,000 have actually returned to duty. Such quick recovery of a large percentage of the wounded rather breaks down the Baron Bloch's theory that a modern war is impossible owing to its slaughter, though, it is true, 10,000 British soldiers have found graves in south Africa. Has 10,000 Boer Prisoners.

A dispatch received from Lord Roberts, dated Friday, Oct. 5, says:

"The number of prisoners captured or surrounded is daily increasing, and must now aggregate nearly 16,000 men. Commandant Muller has surrendered to Clary and Commandant Dirken and others are on their way to Pretoria to surrender."

Preparations For Kruger's Sailing.

Lourenzo Marquez, Oct. 6.—Mr. Kruger's grandson, Eloff, will sail on October 10, to prepare a residence in Brussels for the former president of the Transvaal. The latter will sail on the Dutch cruiser Gelderland a few days later.

LABOR FEDERATION TO MEET.

Twentieth Annual Convention Opens at Louisville on Dec. 5.

Washington, Oct. 8.—The call for the twentieth annual convention of the American Federation of Labor was issued yesterday. The meeting will be held at Music Hall, Louisville, Ky., beginning Wednesday morning, Dec. 5.

The federation has grown at a surprising rate the past few years. More charters have been issued to local unions from reports received in the past year and more unions were organized in that period than within five times that length of time in the history of the labor movement.

It is estimated that if the same rate of increase goes on until the end of the year as for the last two years the total membership of the American Federation of Labor will have reached 1,000,000, against fewer than 600,000 about two years ago.

LAKE SUPERIOR'S TRADE BIG.

Freight Movement Up to Oct. 1, 1900, Breaks the Record.

Duluth, Minn., Oct. 8.—The traffic of Lake Superior to Oct. 1 has been computed and shows a movement of freight for the five months of almost 20,000,000 tons. This is more than for any complete year prior to 1899. The

September movement of freight was 3,411,453 tons, and for the season to date 19,878,475 tons.

THEATRE CROWD IN A PANIC.

Explosion in a Milwaukee Playhouse Causes a General Stampede.

Milwaukee, Wis., Oct. 8.—The explosion of a calcium light in the gallery of the Star Theater during the performance of the burlesque which concluded the vaudeville show yesterday afternoon caused a panic. There were over 600 persons in the house and those near the light rushed for the doors and windows.

They did not wait to raise the windows, but, kicking out the sashes, reached the fire escapes. When the stage people saw the flames and the rushing crowd they also took fright and toppled over the scenery in their flight. Persons in the body of the house ran for the main entrance.

A policeman who stood in the way was bowled down the steps, and when the fire department arrived there was a crowd rushing pell-mell from the main entrance and the fire escapes were filled with small boys and men yelling.

The fire escapes do not reach below the second floor, and there was danger of those nearest the ground jumping upon each other, but the police and firemen succeeded in stopping the fight. No one was hurt seriously.

CONCUSSION BROKE ALL THE MIRRORS

Many Pounds of Dynamite Stored Two Miles From Eveleth, Minn., Explodes.

Eveleth, Minn., Oct. 8.—Seven thousand five hundred pounds of dynamite in the powder magazine at the Spruce mine, about half a mile from town, blew up about 5:30 yesterday afternoon. A hole 200 feet square and 25 feet deep marks the spot where the magazine stood.

The force of the explosion was so great that there is not a piece of glass over a foot square within a radius of two miles of the mine. Practically every window and mirror in Eveleth was broken, while in saloons all bottle goods were demolished in addition.

The loss in the city is estimated at \$50,000. The damage done to the Spruce mine was about \$3,000, the mine laboratory and warehouse being completely wrecked.

Two hundred people were hurt more or less, thrown down by the shock or hit by shattered glass. The explosion was mainly felt at Biwabik, twelve miles distant.

CUBA BECOMES PROSPEROUS.

Agricultural Conditions There Show Great Improvement.

Havana, Oct. 7.—Marked and substantial agricultural prosperity is reported throughout the region lying between Havana and Cienfuegos.

Both the sugar and tobacco industries all over the island are settling down to a large and permanent production, and the earnings are now estimated at over \$8,000,000. New sugar machinery is at present in the course of erection in various parts of the island.

During the last three days 8,160 immigrants from the Canary islands and Barcelona have arrived here and left for the country districts, where employment is readily obtained. The continued influx partially solves the labor question, many of the plantations having been idle owing to lack of labor to cultivate them.

LAYS STONE OF ZION CHAPEL.

Ceremony on Site Presented by the German Emperor.

Jerusalem, Oct. 7.—Today the Bishop of Jerusalem, in the name of the Pope, and in the presence of the German Consul and 500 German pilgrims, laid the corner-stone of the church which is to be erected on Mount Zion, on the site Abdul Hamid presented to Emperor William on the occasion of the latter's visit to the Holy Land.

METHODIST FUND IS GROWING.

In January One Half of \$20,000,000 Will Be Subscribed.

Syracuse, N. Y., Oct. 8.—At today's session of the Central New York conference of the Methodist Episcopal church, Secretary E. M. Mills of the twentieth century thank offering fund reported that \$3,000,000 had been subscribed for Christian education, \$4,000,000 for church debts, and \$750,000 for philanthropy and charities. His mail today contained \$180,000. He said by January one-half of the desired \$20,000,000 will be subscribed.

Gold Ore Fabulously Rich.

Helena, Mont., Oct. 8.—Fabulously rich gold ore, Ben Benson, a mining man, reports was discovered within a few miles of this place last week. The ore bed, he says, shows every indication of being an unusually large one considering its richness. Benson expects to secure possession of the property. Conservative mining men estimate that the ore will assay from \$15,000 to \$25,000 a ton.

Mrs. Ella Smith Acquitted.

Chicago, Oct. 8.—Mrs. Ella Smith was declared not guilty of the murder of Annie Strother, cashier in Swan's restaurant, Twenty-second street and Michigan avenue, by a jury in Judge Smith's court. The verdict came from the jury room after the panel had been deliberating but 10 minutes.

BURY THE HATCHET TO SAVE ILLINOIS

Senator Cullom and Governor Tanner Shake Hands and Agree.

HARMONY IN THE PARTY

Salem, Ill., Bryan's Native Town, Filled with Great Crowds Today.

OVER GRAVES OF HIS PARENTS

Chicago, Oct. 8.—Senator Cullom and Governor Tanner met near the Roosevelt special train at the Polk Street depot this morning and shook hands. In Cullom's presence Tanner said he was not a candidate for senator; that it would be nothing less than criminal to have a fight for the senatorship when hard work will be necessary to win the legislature. Tanner said that Illinois will give a decreased republican majority. The gains in the state will be offset by Bryan gains in the cities, especially in Chicago, where a combination of circumstances make him acceptable. This is the second time Tanner and Cullom exchanged courtesies since the Governor's memorable attack on the senator.

Bryan Speaks at Salem.

Salem, Ill., Oct. 8.—By seven o'clock this morning the streets of Bryan's native town were filled with crowds and brass bands. The candidate spoke from a stand at the court house to four thousand people. He solemnly referred to the graves of his parents and his love for the people of Salem.

A large number of McKimley and Roosevelt pictures were in the windows in the business houses and Bryan showed some feeling over the fact saying that he believed these people must be honest in the thought that his election would be dangerous to the country, to do such things while he was visiting his birthplace.

GOV. ROOSEVELT IN CHICAGO.

Speaks to Big Crowds Saturday Night—Boys Insult Him Sunday.

Chicago, Oct. 8.—Theodore Roosevelt spoke to 20,000 people Saturday night in the Coliseum here, and about 10,000 more attended an overflow meeting in another hall.

The meetings were held under the auspices of the Hamilton club.

Surrounded by men and women of the congregation, with the benediction of the Rev. Peter Moerdyke of Trinity Dutch Reformed church yet sounding in his ears, Gov. Roosevelt Sunday was set upon by a rabble of boys and young men, who heaped the most obscene epithets upon him, cursed him in the presence of women and children and followed his carriage, hurling mud and profanity after him.

The Rev. Mr. Moerdyke, pastor of the church, was left standing in the doorway, whether he had followed his distinguished guest, appealing vainly for a policeman to arrest the rioters. Before a blue coat arrived the rabble had dispersed after Roosevelt's carriage.

GENERAL FUH SIANG RAISES BIG ARMY

Object is to Intimidate Emperor and Empress Not to Punish Prince Tuan and Others.

Washington, Oct. 8.—Uneasiness is felt on receipt of the news that General Fuh Siang, who will undoubtedly be named by the foreign ministers as one of those principally responsible for the attacks on the foreigners at Chihli and Shan Tung provinces, is collecting a Chinese army of two hundred thousand in the neighborhood of Sing An Fu, for the ostensible purpose of protecting the Emperor and Empress Dowager.

A large army is not necessary for the protection of the court, which is guaranteed by the powers, if it returns to Peking.

It is feared this force is being collected by the reactionaries in intimidation of the emperor and empress to prevent them from yielding to the punishment of Tuan and other leaders.

EIGHT DAYS IN AN OPEN BOAT.

Alaska Miners Caught in a Storm and Carried to Sea.

Seattle, Wash., Oct. 8.—Eight days at sea in an open boat with plenty of food but not a drop of fresh water, is the painful experience of Samuel Dutton and John Bauer, two Alaska miners, who started out from Nome Sept. 15 to round the cape on a prospecting trip. They were caught in the great storm, were blown out to sea and left in a helpless condition until they were rescued by the steamer Centennial, which has arrived here with the unfortunate miners aboard.

EPISCOPAL CHURCH DIOCESAN COUNCIL

WILL CONVEENE IN CITY OF
MILWAUKEE OCT. 9-10

The Delegates from the Two Churches in Janesville—Rev. A. H. Barrington Will Preach the Council Sermon Tomorrow Morning—Changes in the Plan to Raise Endowment Fund

The annual diocesan council of the Episcopal church will convene in Milwaukee Tuesday and Wednesday Oct. 9 and 10. Besides the clergy each parish is entitled to four lay deputies.

Those from this city are Christ Church: Dr. T. B. Whiting, Hon. William Roger (who is chancellor of the diocese) and J. L. Bostwick. Trinity Church: T. C. Fox, Hon. John Thorpe and H. E. Ranous. The council opens with divine service at All Saints Cathedral and at 10 a. m. tomorrow the sermon will be preached by Rev. A. H. Barrington of this city.

Among the most important matters to be brought before the council will be the report of the committee on the endowment fund. This committee of which Rev. Barrington is chairman will recommend a change in the plan for raising an assessment, a change in the canons to correspond with the new plan and a penalty to be attached to delinquents. Besides the committee will also bring their report on the plan to increase the endowment of the diocese by means of endowment life insurance.

The committee will be able to report about \$15,000 already subscribed in this way.

The session of the council continues two days. The annual meeting of the diocesan branch of the Woman's Auxiliary will be held in the Cathedral on Thursday, Oct. 13.

WISCONSIN SHOWS A LARGE INCREASE

Remarkable Postoffice Business Shown
In a Comparison of Gross Receipts
Between 1896 and 1900.

Every avenue of industry is being scanned these days for evidences of the prosperity which pervades the country, and which the republicans delight in as proof that the policies which they favored and put into force are instrumentalities for good, while the opposition retorts that the prosperity which we enjoy is of temporary character only.

At all events it exists. Attention has already been called to the remarkable statistics furnished by the postoffice department covering the receipts of postoffices throughout the country during the past fiscal year. In 1896 the gross receipts of the postoffices in Wisconsin aggregated \$1,448,000.

In 1899 the receipts of the Wisconsin offices had jumped up nearly \$200,000, and for the year ending June 30, 1900, the remarkable showing of \$1,914,000 as the receipt for the Wisconsin offices was made.

The following table is given showing the increased business at a number of the leading postoffices in the state, the gross receipt for each office for 1896 and 1900 being given:

BE A SOCIETY EVENT

Friends of Wisconsin and Beloit Will
Turn Out in Force on Saturday Next.

Milwaukee, Wis., Oct. 8.—The football game between Beloit college and the University of Wisconsin, which will take place in Milwaukee next Saturday, is going to be very much of a society event. Several coaching parties have been planned, and the fraternities of the two colleges will attend in a body. There is to be a red ribbon brigade, wearing the university cardinal.

From 800 to 1,000 rooters will come from Madison, accompanied by the university regimental band, on a special train leaving Madison over the Northwestern road at 9 o'clock in the morning. Special trains for Madison visitors will be run over the Northwestern road, leaving Milwaukee for the return trip at 11:30 the same night, and reaching Madison after midnight.

The Beloit excursion will come to Milwaukee over the St. Paul road, returning

ing over the North-Western, and the schedule is about the same as the Madison trains. Beloit will have 500 rooters. Coach King, manager of the University of Wisconsin team, is working his men hard, and says he fears Wisconsin will not have an easy time in beating Beloit. In the last game Beloit scored over Ripon 78 to 0, while Wisconsin's score was but 50 to 0. Hence Coach King thinks it will be a close game.

Eberts Wrenn has been appointed umpire. The referee has not yet been selected, but it is expected that Rob Wrenn will be chosen.

HOYT'S REVISED TRIP TO CHINATOWN

New Ideas, New Sketches and New Music in the Production to Be Presented This Evening.

"A Trip to Chinatown," which appears at the Myers Grand tonight, is a most remarkable play. In many respects it is the most remarkable play in the history of the drama. It holds the record for the longest continuous run in America. While Playright Hoyt has written and produced a score or more of comedy successes, "A Trip to Chinatown" has made more money for him than all the others combined.

"A Trip to Chinatown" has always in-

The cast to be seen here is probably not only the best, but the highest salaried ever seen in a Hoyt production.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Don's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

A blessing alike to young and old; Dr. Fowler's Extract of Wild Strawberry nature's specific for dysentery, diarrhoea and summer complaint.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy for having put on the market such a wonderful medicine," says W. W. Massingill, of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by Smith's pharmacy kodak agents.

It's the Baby Is Crying Again. Be sure and use the old and well tried remedy Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Mother Bird in Hat.

The slashing articles which have appeared on the subject of feathers as articles of feminine adornment remind one of a woman who met a small boy carrying a nestful of eggs. "You cruel, wretched boy," she cried, "how could you have the heart to do such a horrid thing? No doubt the poor mother is now breaking her heart for the loss of her eggs." "Oh, no she doesn't care," said the small boy, moving cautiously out of reach, "she ain't got the chance. You've got her in your hat."

REV. A. C. KEMPTON ELECTED PRESIDENT

Close of the Wisconsin Christian Endeavor Convention at Racine—Officers Named.

Racine Wis., Oct. 7.—The Wisconsin Christian Endeavor convention Saturday elected officers as follows:

President—Arthur C. Kempton, Janesville. Treasurer—W. A. Holt, Oconto. Secretary—Miss Fanny R. Jackson, Janesville.

Superintendent of Missionary Department—Miss Caroline E. Fairchild, Green Bay. Superintendent of Junior Department—Miss Ella M. Brown, Eau Claire.

Superintendent of Evangelistic Department—George E. Farrand, Milwaukee. Chairman of Transportation Committee—Alton G. Leffingwell, Appleton.

Vice Presidents: Calvinist Methodist, Dr. David Davies, Oaksho. Baptist, the Rev. D. T. Deuman, Milwaukee. Congregational, the Rev. C. C. Campbell, Hartford.

Free Will Baptist, Miss Clara Andrews, Fort Wayne. Methodist Episcopal, the Rev. R. K. Manaton, Milwaukee. Moravian, the Rev. J. F. Young, Marshfield. Seventh Day Baptist, Prow, Edwin Shaw, Milwaukee.

There is a warm contest on for the next convention between Milwaukee and Fond du Lac. Delegates from both cities have presented the advantages of each. Milwaukee appears to be the most favorably considered. The place

will be decided upon by the executive committee. Yesterday morning there were consecration services, led by William B. Shaw, and also services at the city churches.

In the afternoon a men's meeting was held at the Y. M. C. A., led by Mr. Shaw, and a woman's meeting, led by Miss Holbrook.

The evening session at the Auditorium was presided over by the Rev. R. T. Roberts of Racine. The convention sermon was preached by President Kempton of Janesville, which closed the convention.

During the winter of 1897 Mr. James Read, one of the leading citizens and merchants of Clay, Clay Co., W. Va., stuck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by Smith's pharmacy, opposite P. O., Kodak agents.

Itinerary of Dr. Nourse. Dr. Nourse will speak at republican rallies in the evening as follows: Magnolia, Oct. 9; Lima, Oct. 10, and Hanover, Oct. 11. He is a good speaker and will no doubt draw large crowds.

Flucky Woman Tollgate-Keeper. Rebecca Lynn is toll gate keeper at a bridge over the Delaware river. The other day a crowd of thirty railroad laborers attempted to pass without paying their way. When Miss Lynn shoved a revolver under the leading rowdy's nose they all changed their minds.

Kerosene Prevents Mosquito Plague.

The most effective method for waging war on the mosquito has been found to be the pouring of kerosene over the marshy places where they breed. A barrel or so of crude oil will cover square miles of swamp lands, and save a summer resort from a season's plague. This remedy is safely beyond the stage of experiment.

PICKS THE BADGERS FOR FIRST HONORS

Wisconsin Eleven Has Better Prospects for Western Football Championships Than Other Teams.

The University of Wisconsin football team has been picked as the champion football team of the West for the coming season. Several members of the Physicians and Surgeons team have come to that conclusion after their game with the badgers Saturday. Dr. Everett, coach of the doctors and the last year's trainer for the Chicago National League team, is one of the strongest admirers of the badgers.

"Wisconsin has one of the strongest teams this year that I have ever seen," said Dr. Everett at his home in Chicago yesterday. "From the form displayed at this time of the year, and judging from the material at hand, I pick the badgers for this year's champions. Of course, there is always the possibility before the season is very old, or the men might grow stale, but I do not take this into consideration. Coach King has the finest lot of material for a championship team that I have seen, and barring accidents he will be there at the finish."

"Coach Hollister may be able to whip together a strong team before the end of the season, but at present Northwestern and Wisconsin. The two teams are not in the same class at all. The offense, defense, kicking and tackling on the Wisconsin team is far ahead of anything that the purple can show. Our team was in better condition Saturday when we played the badgers, and this must not be lost sight of."

"At present Stagg's maroons are far inferior to the badgers. I have not seen all the other Western teams play this year, but from what I have seen and heard I would put Wisconsin far above the rest. Michigan is an unknown quantity. Illinois has the same men as it had last year, and should show improvement. We expect, though, to roll up a big score when we meet Illinois next Saturday. Chicago is inferior to Wisconsin in several departments."

On the 10th of December 1897, Rev. S. A. Donahoe pastor M. E. church South St., Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by Smith's Pharmacy next to post office, kodak agents.

Gentlemen—My mamma has been a great coffee drinker and has found it very injurious. Having used several packages of your GRAIN-O, she has found it takes the place of coffee, and is much better for herself and for us children to drink. She has given up coffee drinking entirely. We use a package of Grain-O every week. I am ten years old.

Yours respectfully, FANNIE WILLIAMS.

CONFERENCE ON THE STRIKE.

Officers of the United Mineworkers Hold a Meeting.

TALK OF JOINT CONVENTION.

No Understanding as to How Long the Higher Wages Will Last, and President Mitchell Would Like a Statement of Assurance on This Point.

Hazleton, Pa., Oct. 8.—Officers of the United Mine Workers of America held here a conference which is believed to mark the beginning of the end of the anthracite coal miners' strike. Those present besides President Mitchell were Fred Dilcher of Ohio, a member of the executive board, and Presidents T. D. Nicholls of district No. 1 (Lackawanna and Wyoming valleys); James Duffy, district No. 7 (Lehigh valley); John Fahey, district 9 (Schuylkill valley). Although no information was given out, it is known that the question of issuing a call for a joint convention was the principal matter discussed. The coming convention will be held at Scranton unless something unforeseen should arise between now and the time of issuing the call. Besides taking up the matter of a convention call it is understood that the question of representation was also considered. The three district presidents made full reports as to the conditions as they now exist in the respective districts.

Most of the mine-owners who have granted the wage concession, do not specify in their notices how long the advance shall remain in force, and it is not unlikely that an attempt will be made by the miners to open negotiations with the operators looking toward an understanding in the matter. President Mitchell and the other labor leaders are strong advocates of an annual wage scale arrangement similar to that in force in the bituminous coal fields. The operators in those regions meet their employees each year and fix the wage scale. If this proposition and that relating to the abolition of the sliding scale are brought before the convention and negotiations with the mine-owners are opened it might considerably delay the settlement of the strike.

It was learned that Sheriff Harvey has reached the limit of his patience in regard to the marching of large bodies of men and that the marchers must obey his request to remain within the pale of the law or take the consequences. A carload of the Sheriff's deputies, fully armed, lies in the Lehigh Valley railroad yards ready to start at a moment's notice.

TIE-UP OF LATTIMER MINES.

Miners Quit at Two Collieries of Calvin, Pardee & Co.

Hazleton, Pa., Oct. 8.—Nearly 2,000 strikers, with 50 women and girls, marched into Lattimer early in the morning and completely tied up the two collieries of Calvin Pardee & Co., located at that place. It was the greatest march that has taken place during the present strike.

The crowd was made up of strikers from McAdoo, Audenreid, Jeansville, and Hazleton, on the south side, and from Harwood, Jeddo, Freeland, and Upper Lehigh on the north side. Women and girls came from the now famous borough of McAdoo. Sheriff Harvey and a handful of deputies were at Lattimer when the strikers arrived and they kept the strikers constantly on the move. There was no disturbance at any time, the men and women being well behaved. It was the most exciting day that Lattimer has had since the tragedy of three years ago. The strikers from the south side concentrated on the back road to the place. They had left their homes at midnight. The women, including "Mother" Jones, were conveyed in wagons, while the men walked.

It was a little before 6 o'clock when the 1,000 south side men entered Lattimer, headed by a life and drum corps and the women. The leader of the women, who was a pretty Polish girl, carried a large American flag. They marched and counter-marched on the Lattimer public road until 7 a. m., when the whistle blew for the starting of work at the collieries.

Strikers Accept Reduction.
Danville, Pa., Oct. 8.—The employees of the Danville Rolling Mill met and decided to accept the 25 per cent cut in their wages, against which they struck last week. The puddlers will now be paid \$3 a ton instead of \$4, the price formerly paid, with a proportionate cut in wages in the other departments. The reduction affects several hundred men. Work was resumed today.

New Hampshire's Population.
Washington, D. C., Oct. 8.—The census bureau has announced the population of the state of New Hampshire in 1900 to be 411,538, as against 376,530 in 1890, an increase of 30,068, or 9.3 per cent. It also gives the population of cities as follows:

	1900.	1890.	Per cent.
Tacoma, Wash.	37,714	36,006	4.74
Newcastle, Pa.	28,339	11,800	144.30

SEEK SOURCE OF PLOT.

Investigation Into King Humbert's Murder Begun at Patterson N. J.

Patterson, N. J., Oct. 8.—Ordered by the Italian government, the investigation of the plot said to have been hatched here to assassinate the late King Humbert, has been begun by James M. Trimble, commissioner of the Supreme Court. It appears that if the Patterson police had communicated to the Italian authorities the contents of a letter found with the remains of Carbone Sperandio telling of a plot to kill the king, Humbert's life might have been saved. Comte Prato, assistant vice-consul at New York, represented his government. Commissioner Trimble was appointed at the request of the Court of Appeals of Milan, Italy. While the inquiry has the widest range, its special object so far as outlined in the examination of six witnesses, has special reference to Nicolo Quintavalle of West Hoboken and Luigi Granetti, a former Patterson suspect, arrested for complicity in the regicide. The hearing was private. Chief of Police Graul testified that he was not aware that there was an anarchist organization in Patterson. Bartholdi Neigri, a prominent Italian, said he knew Malatesta and had attended his meetings. Asked whether anarchists had an organization, he said that was a matter of private business, the Question Sociale editors answer such questions. He knew nothing of a plot.

Jasper Preaches to Bankers.

Richmond, Va., Oct. 8.—A large party of the members of the American Bankers' Association heard the Rev. John Jasper preach his famous "The Sun Do Move" sermon. The arrangement was specially made by local bankers, and the visitors drove from wit, Mrs. Marowitz. Injured: Andrew Anderson, scalded; Frank Murray, engineer, scalded; John Anguston, back hurt; John Morrison, feet crushed; Andrew Debo, head cut by plank. Twenty-five the Jefferson hotel and were given seats of honor in the Sixth Mount Zion church, where the Rev. John Jasper is pastor. The collection was a prominent part of the services, and an unusually large number of crisp bills found their way into the basket. The Rev. Mr. Jasper, now white haired and eighty-six years old, delivered his views of the solar system with all his old-time vigor. The bankers were highly entertained.

Wyoming Ranchman Killed.

Cheyenne, Wyo., Oct. 8.—Ishano Park, a wealthy cattleman of Brown's Park country, sixty miles south of the Union Pacific in southern Wyoming, was murdered in his cabin on Cold Spring mountain last Friday. This is the third murder committed in that section lately. Two months ago Matt Rash, who owned thousands of head of cattle and several fine ranches, was shot to death in his cabin. A significant fact is that the victims were formerly ranchmen in Texas and were driven out of that country by stock thieves. Citizens of the park are aroused and will hunt the murderers to their death or drive them out of the country.

Joel Van Man Killed.

Huntington, W. Va., Oct. 8.—William J. McCauly of Philadelphia was shot and killed instantly in a restaurant here by Pearl Newman of this city. McCauly at the time was in the company of a woman friend of the murderer, and jealousy is supposed to have prompted the crime.

Tillman at Kewanee.

Kewanee, Ill., Oct. 8.—Senator Tillman spoke to a large audience here, and he and L. W. Habercorn spoke in the evening to a large political gathering.

Peary to Stay in the Arctic.

St. Johns, N. F., Oct. 8.—The failure of the Peary exploring steamer Windward to return from the north leads local observers to believe that the explorer will not attempt to get back this autumn. Probably the season just past was an open one in the far north, in which case Lieut. Peary is likely to have taken the Windward into a high latitude.

BOERS RETREAT WITH BIG GUNS

Abandon Pilgrim's Rest, but Sema Likely to Attack Allwal North.

London, Oct. 8.—It is estimated, according to the Pietermaritzburg correspondent of the Daily Mail, that from 4,000 to 5,000 Boers have retreated from Pilgrim's Rest, northeast of Lydenburg, with four Long Toms and twenty-two other guns. The correspondent understands that their Long Tom ammunition is almost exhausted.

Allwal North, Cape Colony, Oct. 8.—Gen. DeWet is reported to be a few miles south of Wepener, about seventy miles north of Allwal North. The Boers near here are in a state of great excitement. All the outpost camps have been called in and preparations are being made to defend the town. A detachment of Cape police engaged in reconnoitering Rouxville, between Allwal North and Wepener, rode out of one end of the town as the Boers galloped in at the other. Two mounted Australians were captured. Some of the Rouxville merchants have destroyed their stocks to prevent them from falling into the hands of the Boers.

Parliament's 30,000 Teas.

The books of the restaurant of the members of parliament show that during May, June and July 30,000 teas were served on the house of commons terrace overlooking the Thames. The members do not consume all these, as the terrace is crowded on bright afternoons with their women guests.

Cleaning House

Once or twice a year the good housewife has a thorough house cleaning. The house has been swept and dusted every day in the year, but the housewife knows that in spite of vigilance dust accumulates in cracks and corners, and is only to be removed by special effort. It's the same way with the body. You look after it every day. You take all the ordinary precautions of cleanliness and health. Yet the body needs its special cleaning to rid it of the accumulations of waste and poisonous matter which invite disease. Doctor Pierce's Golden Medical Discovery, taken regularly once or twice a year, would save many a sickness. It purifies the blood, strengthens the stomach, and cleanses the body of poisonous accumulations.

"Last spring I had a severe attack of pneumonia, which left me with a bad cough, and also left my lungs in a very bad condition," writes John M. Russell, Esq., of Brent, Cherokee Nat. Ind. Terr. "I had no appetite and was so weak I could scarcely walk. My breast was all sore with running sores. I got two bottles of Dr. Pierce's Golden Medical Discovery, which I believe saved my life. I cannot express my gratitude to you. I am able now to do very good work."

Dr. Pierce's Medical Adviser, in paper covers, sent free on receipt of 21 one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

1895—General William Mahone, a prominent Confederate veteran and ex-United States senator from Virginia, died at Washington; born 1826.
1896—General George A. Sheridan, noted Federal veteran, died at Hampton, Va.; born 1840.
1897—Rear Admiral John Brady Fitz, U. S. N., retired, died in Washington; born 1821.

MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 10, 1896.

BRYAN'S POPULARITY.

Wherever Mr. Bryan appears before the public, whether east, west, north or south, he attracts great crowds, and as a result the democratic party flatters itself that it is stronger than it was four years ago, and an element of the republic can party looks on with fear and trembling, wondering after all if Bryanism will win.

There is no question about Mr. Bryan's popularity, and why should there be. He belongs to a species of which he is the sole representative, and like any other curio, attracts attention. His friends claim for him that he possesses honesty, generalship, magnetism, oratory and great leadership.

His opponents admit the claim, and add to the list of his possessions, the ability to read a great party from center to circumference, and then by force of will to gather from the debris, on an issue as crazy as ever emanated from a lunatic asylum, a mob of Bryanites who attempted to make themselves, and the country believe that they were democrats. The claim was too gauzy, and the better element of the old party that had some respect for themselves, and the traditions of their fathers, refused to join the new party, and as a result the Gold democratic party was organized.

This was four years ago. The campaign of 1896 furnished an exhibition of one man power, in Bryan and his new party, that has no parallel in the history of the country.

When defeat crowned his peculiar efforts, people said, "Well, that's the end of Bryanism," and the man who had been loyal to the old party commenced to plan for reorganization; but they were not acquainted with Mr. Bryan until about the time of the Kansas City

convention, when they discovered that the same old 16 to 1 badge was necessary to admission to the charmed circle.

He carried the convention just as he did four years ago and Bryanism and not democracy is still at the fore.

Do you wonder that the man is popular? There isn't a voter in the country that wouldn't go twenty-five miles to see him, out of simple curiosity.

When the history of the campaigns of 1896 and 1900 become shelf work, and future generations enquire, "Who was this man Bryan, who swung in the political sky like a comet, with an immense tail?" A star in the margin will point to a foot note that will explain: "A product of the wild and woolly west."

But his name will not appear among the list of presidents. If the reader should care to know what became of his deluded party, he will find on the next page an epitaph that will read something like this:

"Sacred to the memory of William Jennings Bryan of Lincoln, Nebraska, who aspired to be president in 1896 and 1900. We did what we could for him, and are sorry. May he rest in peace."

Mr. Bohmrich of Kenosha, whose name was placed at the head of the democratic state ticket for the sole purpose of catching the German Lutheran vote, is proving himself a boomerang, and the party is at a loss to know what to do with him. A few years ago he was a brewing agent and while entertaining some of his friends in a saloon at Terre Haute, Ind., he gave them to understand very emphatically that he was of German birth by necessity and said practically that if he had been consulted he would have been born in America. He was not a candidate for governor at the time, and now "He's sorry that he spoke."

Governor Pingree, the erratic executive of Michigan, proposes to improve the balance of his term of office by making life interesting for the railroads. He has called a special session of the legislature to consider the question of repealing charters and assessing values on a cash basis. The tax commission, with a large force of high priced salaried employees, representing an outlay of \$40,000, is traveling over the state, counting, care, ties, rails and railway equipment, preparing to report to the special session the value of railway property. Another term of Pingreeism would depopulate the state, unless he could be induced to resume potato culture.

The democrats are claiming that 90 per cent of the traveling men are for Bryan this year. A voting register kept for ten days by the St. James hotel at Davenport, Ia., shows that of the 204 men who registered from all parts of the country, 175 are for McKinley. The traveling men are usually sound on politics.

The battleship Wisconsin is a credit to her namesake. She makes the trip down the coast from Puget sound to San Francisco, 896 miles, in fifty-nine hours, beating the record of the Oregon. Wisconsin is all right on land or sea. She will be all right in November.

LONDON COACHES.

Those in Queen Elizabeth's Time Were "Strange Monstrosities."

Riding was the only alternative to walking at the beginning of Elizabeth's reign, and a lady never rode without six or seven serving men to carry attire suitable to all contingencies, and the means to repair a toilet which might suffer on the journey. To diminish this cost coaches came into use. They were introduced in 1600 by a Dutch coachman of the queen; but we are told "a coach was a strange monster in those days, and the sight of it put both man and horse into amazement; some said it was a great creature brought out of China, and some imagined it to be the pagan temples in which the cannibals worshipped the devil." But at length these doubts were cleared and coachmaking became a substantial trade. So rapid was the increase of coaches that in 1601 an act of parliament was passed "to restrain the excessive and superfluous use of coaches within this realm." In spite of this innovation no method could be devised which made locomotion pleasant through streets which were alternately torrents of dirt finding their way to the Fleet ditch, and thick deposits of black mud, which furnished a ready weapon to any one who wished to express disapprobation. It is difficult for us to picture London without either cabs or omnibuses.—Bishop of London, in Cornhill Magazine.

Australians Go to Transvaal.

Australians are migrating in large numbers to South Africa on account of the drought in western Queensland. It is estimated that not less than £9,000,000 worth of stock has been lost by droughts during the past seven years.

It is said that...

Flannel Waists

Will be very popular. Everybody in waistdom says it. If everybody is right, we'll do an enormous business in Flannel Waists this fall, for we've gathered lavishly. What is more adapted as a waist fabric than flannel? What is more serviceable? What more stylish? The tailors more styles in this collection of ours are nobbily "mannish."

Plain French Flannel Waists, hemstitched, all colors, all sizes, \$3.50. Fancy French Flannel Waists, contrasting embroidery, \$5.50. Flannel Waists for ordinary wear, two special values in black, blue and cardinal, \$2.50.

Silk Waists

Were never prettier. The styles we are showing for early fall wear are artistic in design, and represent the best efforts of a leading manufacturer. No dressmaker could put such style and finish into them at anywhere near the price we ask. There's a line at five dollars which would interest you and you are invited to see them.

New Silk Petticoats...

The story this evening is of a lot of a hundred strikingly handsome silk petticoats which we snapped up at a third less than regular prices. The maker loses—-you gain. They are all high grade skirts of thoroughly reliable silks and are special values at \$6, \$7.50, \$10, \$12 and \$13.50; positive values 1-3 to 1-2 more.

FAILED TO HEAR TEDDY ROOSEVELT

TRIP OF JANESVILLE REPUB LICANS TO BELVIDERE.

Delay at Afton Canceled Them to Miss the New Yorker—However, the Badgers Were Accorded a Special Reception and Enjoyed Their Journey Immensely.

In spite of the fact that the local delegation of republicans failed to hear or see Governor Teddy Roosevelt at Belvidere Saturday afternoon they returned home at midnight a pleased and well satisfied lot of political enthusiasts.

Belvidere citizens turned out by the thousands and extended a most cordial invitation to the Wisconsin delegation who pulled into Belvidere just twenty minutes after Gov. Roosevelt had taken his departure for Chicago.

The delay at Afton. The delay was caused at Afton. With the Y. M. C. A. band and 160 republicans aboard the special chartered train over the Chicago & Northwestern railroad left Janesville at 1:15 o'clock. All went well till Afton was reached.

As the special pulled into Afton the operator notified the occupants that on account of a freight wreck a half mile south of Afton the train would be unable to proceed to Belvidere till the track was clear.

The wrecking crew and fifty men were already on the scene clearing away the debris which consisted of four broken freight cars. The wreck took place near the noon hour and in a deep cut in the same locality where the wreck of the day before happened.

Bound to Go Ahead.

Instead of taking a few minutes to clear the track it took the wrecking crew two hours to right matters. The deep cut, with high rock banks on both sides, would not allow the tipping of the wrecked cars on either side. They had to be dragged away. This took time. New rails had to be placed in position.

August Gleason and Travelling Passenger Agent Gibson said that if the members of the club wanted to return to Janesville they could do so and get their money back. A vote was taken and the majority voted to go to Belvidere. A message had been received stating that Gov. Roosevelt's train would be forty-five minutes late into Belvidere.

Beloit the First Stop.

The train then pulled out for Belvidere. Beloit was the first stop. Here a large sized crowd had assembled to take the train but fearing that Roosevelt would leave Belvidere before their arrival they gave up the trip and returned to their homes. As it was about twenty-five boarded the train from Beloit. The trip to Caledonia via Roscoe was made in quick order.

Found Roosevelt Gone.

At Caledonia a message was received stating that Roosevelt's train was about to leave Belvidere. From Caledonia to Belvidere the distance is ten miles and record breaking time was made. As the outlying district of Belvidere was reached it took but a glance out the window to convince the crowd from Janesville that they were too late. Citizens by the hundreds were returning to their homes. It reminded one of what follows a circus parade.

As the special pulled into the depot a mighty yell went up from thousands of throats. The crowd were expecting the special as the telegram sent from Afton was read from the speakers' platform as soon as Gov. Roosevelt had finished speaking. It was received with thundering applause by the 10,000 people present. Gov. Roosevelt smiled as did Senator Hanna and the other speakers.

Waited for Badger Boys.

Gov. Roosevelt's special then pulled out. But not so with the crowd. They waited to receive the Wisconsin special and the greeting was one that the members of the Young Men's Republican club will not soon forget. Cheers filled the air as soon as the train came to a stop. Headed by the bands they formed in line and marched through the main business streets. Crowds lined the streets and filled every window. After a mile-march the parade disbanded at 7:30 o'clock and the Janesville delegation were given the place of honor in what proved to be the greatest torch light procession held in Northern Illinois this year outside of Chicago.

It was a mile long. Several bands were in line. Two hundred men in rough rider costume were on horseback. Fully 1,000 men carried torches. On all sides the Janesville boys were heartily cheered. Ex-Sheriff J. L. Bear was flag bearer.

Men Carried Banners.

J. F. Ulrich carried a banner which read, "Janesville, Wisconsin." P. S. Winslow carried a banner with the following inscription: "Wisconsin 120,000 Majority." These banners attracted much attention.

During the line of march fireworks were ablaze on all sides. Whistles screamed and red light was burned in pound lots. The entire line of march was one solid blaze of illumination. Thousands of flags and bunting formed the decorations. The Y. M. C. A. band furnished excellent music and at no time were they saving with their music. They were more than generous and deserve special praise. At 8:30 rain put a damper on the program but not till the parade was over.

Speech making followed in the Opera house. At 10:30 the Janesville special pulled out arriving home at midnight with a tired, but happy and well pleased lot of excursionists.

Ladies, if you wish tailor made garments that are made in all the latest fashions, go to the Chicago Cloak and Fur house and look over its line. Mr. Tadon is daily receiving the latest novelties in cloaks, suits, golf skirts, capes, shirt waists, collarettes, scarfs, petticoats and all other ready made garments, marked at the lowest possible prices.

W. P. SAYLES, Ex-Ruler.

There will be a regular meeting of the common council tonight at 7:30 o'clock.

PETTY THEFTS ARE NUMEROUS

Second Ward People Are Visited by Light Fingered Persons.

Residents of the second ward along Milton avenue, are complaining of the numerous petty thefts which have taken place of late. Coal and wood are taken from sheds and barns, and laundry is removed from the lines by these unscrupulous persons. One lady says she had eleven pair of hose taken from the clothes line one day last week.

Shade Trees May Go.

Rapid transit plans have caused a howl about the removal of trees on Broadway, New York. The boulevard has always been a favorite drive on account of its shade trees. Recently workmen have been after them with axes, claiming their removal was necessary for the new railroad. Then came a deluge of protests.

Test of American Coal.

A test of American coal was recently made by the management of the state railways in Bavaria. The coal was from an Ohio mine, and resembled in many respects a fine grade of German coal. It was found that the American variety burned much better than the local article, leaving no cinders whatever and creating very little smoke.

SPLIT THE MILK IN A RUNAWAY

At an early hour this morning two teams hitched to milk wagons belonging to the Leader dairy, ran away and succeeded in spilling most of the milk that was in the cans in the wagon, before they were stopped.

The drivers of the teams had left them standing in the road and were only a short distance away, when one of them started on a run and the other followed. One turned up Racine street, where the horse broke from the wagon, running into Riverview Park, where it was stopped, and the other came on up Main street, and when it came through town was on keep run. The team turned off Main street on Prospect avenue, and after going some distance were caught. The principal damage done was the loss of a large quantity of milk.

JAMES W. CONROY CATHERINE RILEY

On Wednesday last at the St. Augustine church in Chicago; James W. Conroy and Miss Catherine Riley, both of this city were united in marriage by the Rev. Father Riley. The young people are both well known in this city where they have a host of friends. The bride is the daughter of Mr. and Mrs. Patrick Riley. Her many pleasant ways have made for her many close friends. The groom is the son of Mrs. Margaret Conroy of 52 Center street. He is one of the call men of the Janesville Fire department and is a popular young man. The young couple tried to keep the marriage a secret, but they had too many friends on the watch to keep the matter quiet any length of time.

HURT IN RAILROAD WRECK.

Fast Lake Shore Train Crashes Into a Trolley.

WRECK ON MONON RAILROAD.

Collision in Chicago and Another Near Monticello, Indiana—Many Persons Injured—Chicago Accident Caused by Failure to Understand Signals.

Chicago, Oct. 8.—Running at the rate of twenty miles an hour, an out-bound Lake Shore and Michigan Southern suburban train crashed into a Calumet electric car at Twenty-ninth street at 9:40 o'clock p. m., tearing the car into splinters, and injuring every one of the nine passengers.

The injured are: Irvin Dowse, motorman, skull crushed in and several ribs in right side fractured; taken to Mercy hospital, where it was said that he had small chance of recovery. Nevins Nuchleiski, Polish laborer, No. 325 Fulton street, Pullman; right arm and right leg broken, also internally injured; taken to Mercy hospital; injuries serious. The Rev. Matthew Hanley, assistant pastor of St. Albe's church, Ninety-second street and Washington avenue; went to his home, unassisted; injuries consisted of slight cuts on head. Frank Jacobson, laborer, employed by the Pullman-Car company; scalp wounds on head and cut on the face by broken glass; taken to the police. Levi Reed, switchman, employed by the Nickel Plate road, Morgan Park; cut on the head and face; not serious; went to his home unassisted. Tony Petres, laborer employed in the Pullman shops; eyes injured by flying glass; taken to his home. Hermann Schieffer, barber, scalp wounds; went to his home unassisted. Thomas R. Hopkins, laborer, cut over eye and hands injured; went home unaided. Tony Walther, switchman, bruised and cut on body, not serious. The accident was caused by Motorman Dowse, who was new at the work, taking his car onto the railroad tracks through a misunderstanding of the conductor's signals. Then when he saw the train approaching he lost control of the motor through fright and was unable to back the car out of danger.

The track crossing at that point is supplied with gates, but after 6 o'clock in the evening there is no watchman stationed there.

Wreck on the Monon. Monticello, Ind., Oct. 8.—Passenger trains, Nos. 33 and 35, on the Monon, crashed together in a head-on collision on the curve just south of this place at 2 o'clock p. m. Three persons were injured, all of Indianapolis. They are Engineer James M. Covington of train No. 35, Laz Noble, and Marvin R. Maxwell. The engines were totally wrecked and the baggage cars were badly damaged. The crews of both trains jumped. Engineer Covington was picked up unconscious, but later recovered, and will be all right soon. The others were bruised and cut in several places. The south-bound train was going slowly, having just left the station, and the north-bound train was slowing up for the station. Otherwise the collision would have resulted in heavy loss of life. No. 33, going south, had lost several minutes, but had made up the time at Monticello, and this evidently resulted in the confusion that gave both trains right of way and caused the wreck.

Money Falls to Day Sight. New York, Oct. 8.—Charles Broadway Rouss, aged, sightless and failing in health, has given up in despair his hope of returning eyesight and withdrawn his famous offer of \$1,000,000 for a cure for his blindness. "No further tests shall be made," the millionaire merchant said as he sat at his desk feebly fumbling with a mass of business correspondence which he could not see. "I withdraw my offer of \$1,000,000 for a cure and shall dispense with the services of my substitute. I submit to the will of a higher than earthly power. All tests have proven failures, not one giving me the slightest relief, and the same has been the result of experiments on the eyes of James J. Martin, my paid substitute."

Old Boundary Line Is Found. Tacoma, Oct. 8.—A new boundary marking has just been discovered in the disputed portion of the Mount Baker district by surveyors of a railroad. They found the monument in the vicinity of Chlawahack Lake, in the middle of a wide swath which was years ago cut through the timber. If the boundary follows the line of this swath Red Mountain and all of the disputed strip is on the American side. This is the third boundary mark to be discovered in that vicinity, one on Red Mountain, one to the west and this latest discovery. If the surveyors claim the line is south of the present location the Washington authorities will be asked to make a survey at once.

Death from Plague. London, Oct. 8.—A bacteriological examination has been made in the case of the seaman, Garnett, who arrived at Newcastle Sept. 23 on a vessel from the Rio de la Plata and went to Llandaff, Wales, where he died last Thursday. The results show unmistakably that his disease was the bubonic plague.

Glasgow, Oct. 8.—A man who was brought here from Govan on the Clyde, just below Glasgow, and received at the city hospital on Sept. 20, died there Sunday of the bubonic plague.

May Die from Blow in Ring. Philadelphia, Oct. 8.—At the Industrial Athletic club, Steve Flanagan of Philadelphia, ex-champion bantamweight of America, fell unconscious in the sixth and last round of a contest with Jimmie Devine, a local boxer, and is in a critical condition. Flanagan's manager, Bob Delaney, Jimmie Devine and the seconds of both fighters, were placed under arrest pending an examination of Flanagan's condition.

Duke Gives Another \$100,000. Raleigh, N. C., Oct. 8.—Trinity college, a Methodist institution at Durham, N. C., is the recipient of a gift of \$100,000 from Washington Duke, a wealthy cigarette manufacturer. This last gift makes altogether \$500,000 given by Mr. Duke to this college. In addition to this, another member of the Duke family has given the college \$100,000, and a library that will cost \$100,000 is now being built by J. B. Duke.

Campos-Salles Slain by an Assassin. Rio Janeiro, Oct. 8.—Col. Campos-Salles, brother of the president of Brazil, was assassinated in San Pablo by an Italian farmer named Angel Sengeretti. President Campos-Salles will not postpone his visit to Buenos Ayres on account of the bereavement. He will arrive in Buenos Ayres on Oct. 24 and will remain there until Oct. 30.

MENU FOR TUESDAY.

Jelly is as cruel as the grave. The cold thereof are coils of fire, which hath a most vehement flame.—Bible.

LUNCHEON. Capon in Jelly, Sauce Tartare. Lyonnaise Potage. English Brown Bread Sandwiches. Tea.

DINNER. Oysters on the Half Shell. Cream of Pot Soup. Stuffed Steak. Eggplant Fritters. Corn on Cobs. Stewed Tomatoes. Deep Dish Potatoes. Swiss Cheese. Water. Fruit. Cafe Noir.

CAPON IN JELLY.—Draw, clean and singe the capon chicken in the same way as a common chicken and cut into pieces as for fricassee. Put on to cook in sufficient cold water to cover it with one onion, one bay leaf, a couple of whole cloves, one blade of mace and a pinch of pepper. Simmer gently for an hour and a half, or until the chicken is tender. When done, remove the meat from the bones, rejecting all sinew and skin parts and cut into slices. Stand on the fire to brown. Place the bones and skin into the kettle again and boil an hour longer. Cover quarter of a box of gelatin with cold water and let soak an hour. Strain the liquor over the gelatin, season to taste and stand away in a china bowl to cool, about 24 hours. Then remove all the fat from the jelly, melt a part of it all the fat from the jelly, melt a part of it over hot water and pour into a couple of tins. Set away to harden for a couple of hours. Boil three eggs 15 minutes, place in ice water, and when cold cut into slices. When the jelly in the mold is firm, arrange on top of it a layer of the capon and eggs, a few capers and one dozen pistachio nuts. Slice the capon and eggs and pour the jelly over. Slice the pistachio nuts and just tucks the final points and pour over the capon. Stand away in a cold place overnight. Turn on a flat, shallow dish, garnish with lettuce or lemon and serve with sauce tartare.

CHINESE MOVE ON SHANGHAI.

Imperial Force on the March, and Assault Feared.

FOREIGN TROOPS ARE READY

To Give the Chinese a Warm Reception—Big Army of Chinese Moving Toward Signan Fu—Rebels Attack Su-Wan.

London, Oct. 8.—A Shanghai dispatch to the Post, of Sunday's date, says it is thought that there is a probability of an attack on Shanghai by the Chinese. It is reported that 8,000 Chinese imperial troops are marching from the north via the grand canal for the purpose of joining the other Chinese soldiers who are already in Shanghai. All foreign troops in Shanghai are being held in readiness to meet the attack.

A Shanghai dispatch received at Berlin says 200,000 Chinese troops, armed with modern weapons, are marching from all the provinces to join Tung Puh Siang at Signan Fu. The Chinese still possess 700 modern guns and have an immense quantity of stores.

The Standard has the following from Tientsin, dated Friday, Oct. 5: "A German force came into collision with 8,000 Chinese, described as 'Boxers,' a few miles south of Tientsin this morning. The Germans were checked and compelled to retire on Tientsin.

"There is reason to believe that the Chinese in this case were not Boxers, but were Li Hung Chang's veterans, who had been ordered to wait near here in view of the possibility that the foreigners would bar his progress to the capital."

Rebels Attack Su-Wan. Hongkong, Oct. 8.—Yesterday 1,000 rebels attacked the market town of Su-Wan, eight miles northeast of San-Chun, but were defeated. The people of San-Chun closed their shops, expecting to be attacked also. The troops here are being held in readiness for any emergency, and the police force along the Kowloon frontier has been increased.

Prisoners Capture Many Guns. St. Petersburg, Oct. 8.—During the military operations in July and August the Russians captured in Manchuria and Pekin 144 guns, seventeen tons of powder, and a large quantity of ammunition and small arms.

Reported Repulse of Germans. Peking, Oct. 8.—By an imperial decree issued at Tai-Yuen-Fu, capital of the province of Shan-Si, dated Sept. 25, Emperor Kwang-Hsu denounces the Boxer movement and designates for punishment nine ringleaders. He acknowledges his own fault, and rebukes himself, but he places the chief blame upon the princes and nobles who participated in the movement and protracted it.

Steamship Lines Form Pool. New York, Oct. 8.—From reliable sources it has been learned that an arrangement has been entered into by the railroads and steamship lines running to and operating from Newport News and Norfolk, whereby the foreign traffic of general cargoes from those ports, with the exception of full cargoes of grain and coal, has been placed under one management, and the United States Shipping company has become the agent in control by this new agreement.

Don't COUGH

Stop it with Scott's emulsion of cod-liver oil.

A little coughing is nothing—the tickling, that makes you cough once, is some dust; not the least harm. You scratch an itch, and forget it. This cough is scratching an itch.

But the cough, that hangs on and comes back, is the sign of an itch that hangs on and comes back. There is something that makes that itch.

Inflammation: a germ perhaps; it's alive; like a seed in moist warm ground; it will grow if you let it, especially in children.

We'll send you a little to try, if you like, SCOTT & BOWNE, 409 Pearl street, New York

WORK OR IDLENESS.

FACTS FOR THOUGHTFUL VOTERS TO CONSIDER.

The Permanent Differences Between the Democratic and Republican Parties—Prosperity the Test of Successful Administrations.

The thoughtful voter will distinguish between the transient and the permanent differences between the Republican and Democratic parties. Each campaign brings to the front some temporary questions of expediency, which are intended to blind the eyes of the thoughtless and attract the floating vote.

"Tippecanoe and Tyler too" won more votes than logical arguments. "Fifty-four forty or fight" aroused the whole country and not a few would have preferred to fight to the fifty-four forty. And "16 to 1" drives sound money Democrats into the Republican party, and Silver Republicans into the Democratic ranks.

However, back of all these campaign cries, deeper than the money question, more important than the subject of imperialism, more vital to the future welfare of the nation than militarism, is the radical difference between the two great historical parties on the tariff question. It is not a question of protection and free trade. No party advocates and no government practices absolute free trade. The Democratic party has, however, for years advocated in its platforms the well defined policy of "a tariff for the revenue only," refusing to recognize as democratic the wisdom, justice or propriety of affording either protection to American labor or American capital invested in American industries.

The avowed Republican policy, often reiterated in national platforms and enacted into law, as is evidenced by the McKinley and the Dingley tariff bills, openly affirms that the Republic favors a protective tariff that will encourage the investment of American capital in manufacturing enterprises and insure to American labor, both native and naturalized, the advantage of "a fair day's wages for a fair day's work."

Both of these plans have been tried within the memory of most of those who will cast their votes next November.

The Wilson-Gorman tariff bill and the effects thereof were Democratic. The Dingley bill and its results are Republican. The effects produced by these two measures should be carefully weighed by every voter who desires his ballot to influence national prosperity and personal advantage.

Under the operation of the Wilson-Gorman revenue tariff the income of the government was not sufficient to pay current expenses. The tariff for revenue only did not produce the revenue. Government bonds were sold in time of peace to pay the daily obligations of the Democratic administration. From being a debt paying nation we became a debt creating nation. Industries languished. Mills shut down. Factories closed. Building ceased. The army of the unemployed increased. Panic came. Banks failed. Fortunes crumbled. Labor begged in vain for work. But just as soon as the people could express their verdict at the polls, Cleveland was repudiated, the Wilson-Gorman tariff bill was declared wanting and a change was demanded.

With the election of a Republican president and a Republican congress, a protective tariff measure was enacted. The Dingley bill became a law. What have been the results? The national treasury overflows. The nation has fought to a successful issue two wars and has been paying debts at the same time. Bond issues have given place to bond redemption and refunding the outstanding obligations of the nation at a lower rate of interest than was ever before secured by any nation in history. Mills have been started. Factories have been running day and night. Wages have been increased. Labor has been profitably employed. The exports during the four years of the Dingley Republican tariff have exceeded the combined amount of all the exports of the nation during all the previous years of our history from the beginning of Washington's first administration to the close of Cleveland's last administration.

There is the record. None denies it. The books have been audited, and the balance is known to all. What do the American voters want? A return to the Wilson-Gorman tariff bill and panic times or a continuation of the Dingley bill and McKinley times? Your votes next November will decide the question.

There is a marked resumption of the Democratic sympathy for the Porto Ricans. As a sympathetic organization the Democratic is a marked success—immediately preceding an election.

Honest at Least.

The Democratic Memphis Commercial-Appeal admits that Mr. Bryan means 16 to 1 and has no patience with those Democrats who are trying to ignore the issue and take up the cry of "imperialism." The Commercial-Appeal is not overenthusiastic for the Kansas City ticket, but it prefers to be honest with its readers no matter how distasteful the task may be.

The Anti-Imperialists.

There is a growing suspicion that the imperialistic conduct of Croker in New York and the autocratic demands of Bryan may have something to do with the anti-imperial plank in the Democratic platform.

Trying to Hide Silver.

The Democratic leaders are striving very hard to obscure the principal plank of the Kansas City platform—the plank Mr. Bryan forced into the platform over their protest.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 2704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions. SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

DOWIE ELDERS HUSTLED AWAYTwo Chicago Preachers Unable to Hold
Services in Mansfield.Mansfield, Ohio, Oct. 8.—Two Dowie
elders succeeded in breaking through
the blockade maintained by the police
here. A. S. Lee and Homer Kessler, of
Chicago, came in on the Baltimore &
Ohio about 6 a. m. and reached the
Brunswick Hotel, in the heart of the
city. They were speedily recognized,
arrested by special policemen and
taken to the county jail. They stated
that they had been sent here by Over-
seer Piper to hold services for the local
Church of Zion. The elders were kept
at the county jail and deported on the
west-bound Erie train at 9 o'clock. The
arrival of the elders stirred up the city
as usual, and a crowd of 800 people
were at the station in the afternoon
expecting the elders to return, but they
did not. The police would have had
trouble in restraining the mob had the
elders returned.London, Oct. 8.—John Alexander
Dowie, of Chicago, who recently came
to England to promote the Zionist
movement, began his campaign in St.

with rather a hostile reception.**Murdered at a Street Fair.**Washington, Ind., Oct. 8.—Thomas

with produce of a rather more prac-
tical and material character than
musical instruments. The Board of
Trade Journal, however, reports that
the manufacture of pianos, organs,
harp, banjos, and other instruments
has developed enormously during the
last decade. Last year Chicago turned
out 40,000 pianos valued at \$2,500,000,
and 60,000 organs at \$700,000, or more
than one-half of the total production
of organs in the world. It is difficult
to conceive why Chicago in particular
should thus aspire to be the Cremona
of the modern musical world.—Lon-
